

WORLD CAPOEIRA MACULELÊ ARTS FOUNDATION CORP

## A brighter future for children

Founded in 1991, Capoeira Maculelê is an international entity with headquarters in Brazil, the US, and Europe, that works to improve the lives of individuals and communities through sharing the art form of Capoeira and Afro-Brazilian culture via social projects. These projects, which are scattered all over Brazil and the US, serve over 500 kids in the slums of Brazil, Colombia, EUA and Africa. The World Capoeira Maculelê Arts Foundation is our local, Georgia-based non-profit.

## ABOUT OUR PROJECTS

Our social projects—Projeto Maculelê, and others—are created to enrich the lives of at-risk children in poor neighborhoods throughout Brazil, USA, Colombia, Puerto Rico, France, Argentina and Congo. Many of these children suffer from malnutrition, lack of appropriate adult attention, and other conditions related to poverty. Without motivation and self-confidence building, these children often fall victim to the world of crime and drugs.

### **What We Offer**

Maculelê's projects touch the lives of many children, offering an opportunity for a healthier, better life through personal growth. We offer safe learning environments, art and culture workshops, English classes, health education, reliable role models, and nutritious snacks. Through capoeira, we open a dialogue with the children to discover who they are, why they are special, where they come from, and how to find positive solutions to seemingly impossible problems. As they learn capoeira, its music, history and philosophy, they develop physical and emotional strength to solve problems, make friends, and develop their self-esteem.
